Emerging Leaders' Workshop

an online experience

5th – 9th October
2020

Helping millennial leaders develop in their identity and character to be more influential where God has placed them

An opportunity to **slow** down, take **stock**, regain **strength** and **shape** your future as you seek to become more Christlike in your leadership.

In a very real, open, supportive, environment, this online workshop – in partnership with Forge Leadership – will help you become more alive in your role, more secure in your identity, more invested in your character development, and more influential in your relationships.

“Come prepared to be honest, open, challenged and changed and you will find that you meet Jesus in a new way, return refreshed and ready for your next challenge.”

Simon Barrington, founder and director at Forge
