# Helping leaders develop in their identity and character to be more influential where God has placed them

In a very real, open, supportive environment, this workshop – in partnership with Forge Leadership – will help you become more alive in your role, more secure in your identity, more invested in your character development, and more influential in your relationships.

*“Come prepared to be honest, open, challenged and changed and you will find that you meet Jesus in a new way, return refreshed and ready for your next challenge and look at the issues you face from a completely new perspective.”*

**Simon Barrington**
