Emerging Leaders' Workshop

4th – 8th October
2021

Helping millennial leaders develop in their identity and character to be more influential where God has placed them

An opportunity to **slow** down, take **stock**, regain **strength** and **shape** your future as you seek to become more Christlike in your leadership.

In a very real, open, supportive, environment, this workshop – in partnership with Forge Leadership – will help you become more alive in your role, more secure in your identity, more invested in your character development, and more influential in your relationships.

"This course far exceeded any training on leadership I've received before... I found the week really life-giving and so built up and encouraged by how the course keeps its focus on Jesus."

Bekah Clark, past participant
