# Inspiring Christians to live for Christ and serve him in their later years of life

Whether you are firmly in later life, have retired recently, are reflecting on what life looks like now your children have left home, or are ministering with or caring for those in later life, this stream of seminars aims to provide teaching and insight into a variety of aspects of later life. There will be particular focus on intergenerational church.

You may be someone who wants some practical ideas about how to engage older people in your local community, or how to care for an elderly family member or friend, or someone with dementia. Or you may be reflecting on how to best prepare for later life and wonder what the Bible has to say about older age.

*"An excellent and stimulating conference, informative and sensitively led presentations. Thank you"*
