Keswick UNCONVENTIONAL

Exhibition and Art Trail
Hidden

ARTIST IN RESIDENCE 2023
KAORI HOMMA

Artist Kaori Homma is back as a residency artist in 2023 following her "Sub-Rosa" exhibition at St. Johns Church in 2021. Contemplating the broader theme of the 2023 Keswick *Human*, Homma will focus on the notion of the *Hidden.* Curating and organising a guided tour which will take the audience through a hidden art trail during the Unconventional 2023.

Often artists work without recognition, unseen by museums or galleries and not celebrated. Yet many artists strive without success or recognition. Why do artists create when nobody notices? Why should artists create art at all, especially when there are so many more pressing issues in the world? Where do the artists' creative urges come from? Whose acknowledgement do artists crave? These questions might also apply to others in our other fields of work, domestic settings and our community. Homma explores these questions through this year's exhibition, titled *Hidden*. Come join us to discover hidden art and more at Unconventional 2023.

Workshop
Uncovering the Hidden

**FROTTAGE WORKSHOP & GUIDED TOUR OF *HIDDEN* ART TRAIL WITH RESIDENCY ARTIST
KAORI HOMMA**

Residency Artist Kaori Homma will facilitate the exploration of the idea of *hidden/overlooked* through illustrated talk, followed by the guided tour of the *Hidden* Art trail curated within the venue. Participants are then introduced to a method of frottage which was used by many prominent artists such as Max Ernst, Gabriel Orozco and Louise Bourgeois and can uncover the *hidden* within the reality of the space where we exist. There is no need for a prior experience in Art. Materials and equipment are all provided.

This workshop is primarily aimed at adults/young adults/teenagers. Children under 12 needs to be accompanied by the responsible adult. (Maximum 25 people per session)

MONDAY
14:30- 15:30

WEDNESDAY
16:00 -17:00

THURSDAY
16:00 -17:00
